PART C

One of the two sexual violence reports made to the Title IX Coordinator or responsible employee involved a faculty-on-student incident. This is the same incident that is accounted for under HEI investigated allegation and HEI referred allegation to local law enforcement. Since this did not involve student-on-student, it is not accounted for under the complaint resolution procedure outcomes.

The other incident that meets the sexual violence category is recorded under survivor requested not to proceed with the complaint resolution procedure and was a community member-on-student incident.
