PART C

Use this space to provide any explanations or clarifications for information and data provided as part of the report. (Append additional pages as necessary.)

For "Sexual Violence," numbers submitted include incidents classified as "Sexual Assault" under the University's Title IX and Sexual Misconduct Policy. At the University of Illinois Springfield, student complainants are provided information about their rights and options, including the option to file a Title IX complaint alleging violations of Policy, along with the option to report to law enforcement and to request assistance to do so. The decision to report or not report an allegation to the police remains with the alleged victim. The University treats all allegations and reports of sexual misconduct seriously. In addition to considering any requests by the alleged victim for confidentiality or non-investigation, the University assesses its broader campus safety and institutional obligations to determine if additional action or investigation are warranted.
